# Personal Focus Space

Optimised for reading, working, studying or hobbies.

**Be focused.**

Environments characterized by chaos and interruptions often lack focus, leading to diminished productivity and creativity.

A dedicated space for focus, offering a serene and comfortable environment, tackles these issues efficiently.

STC 25dB ( $\pm 3$ dB)  
& RTO.25s ( $\pm 0.1$ s)

## Acoustic Index

Maintaining a quiet environment that is made for concentration, learning, thinking and reading is vital for progress in stressful situations.

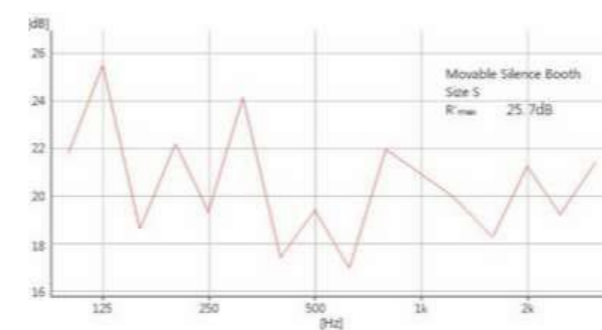

Speech Intelligibility

Reverberation Time Test

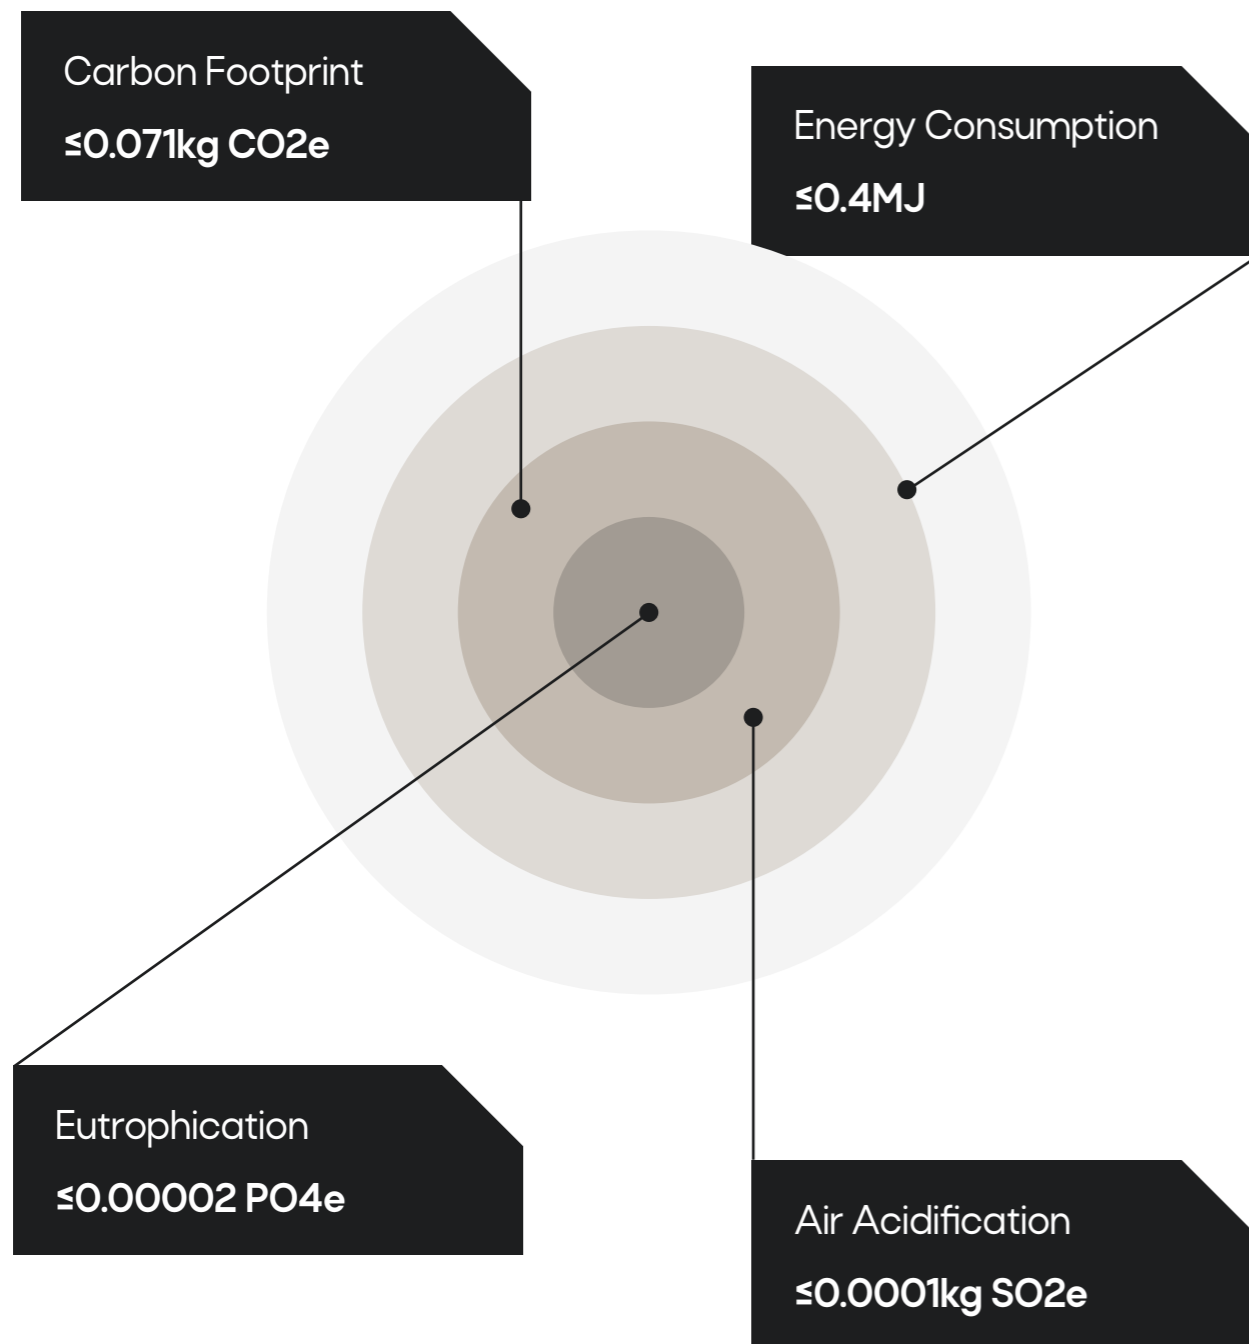

Sound Insulation Test

# Environmentally Friendly

The Beach Hut is a sustainable office pod made from 99% recycled materials and 100% recyclable content, offering an eco-friendly workspace solution with minimal environmental impact.

# Flexibility

The Beach Hut Pod can be easily relocated within minutes.

By adjusting the levelling legs, the castors can seamlessly take over and transport The Beach Hut Pod to any desired location.

The castors are attached securely to the steel base panel, capable of supporting up to 100kg.

# Easy to Install

Every aspect is taken into account with The Beach Hut Pod, including top notch acoustic technology, versatility, and safety features.

Each element is carefully thought out to enhance the looks of your environment.

In addition, the assembly process can be finished within just 45 minutes.

Focus wherever you desire

# Pod Furniture

Equipped with all the essentials, including a soft couch, sturdy tabletop, bright LED lamp, powerful power socket, and built in ventilation, The Beach Hut Pod contains everything you need.

The PIR motion sensor is designed to conserve energy by automatically shutting off when no movement is detected for 5 minutes.
